What to Expect as an ICM Intern

All internships at ICM vary greatly, depending on which department you intern in and/or what Agent you work for. Interns are first and foremost expected to assist the Agent's Assistant. That is the primary focus of the internship. These duties can range from simple clerical tasks (photocopying, filing, typing, etc.) to helping to roll calls with the Agent or assisting with special projects. What your average day entails is determined by your abilities, the Assistant's needs and the Agent's needs.   The more enthusiastic and skilled you are, the more responsibility you are likely to have.
